

2008 MorgaenLee Vineyard Sauvignon Blanc Yountville ~ Napa Valley

Winemaker Notes from Rob Lawson:

A beautiful, elegant Sauvignon Blanc that has a great balance of aromas and structure. Additionally, this wine exhibits classic characteristics of the varietal showing a grassy scent with accented stone fruits, and tropical tones. It leads into flavors of peach, melon and pear and a nice mid-palette weight of tropical and stone fruits. The lasting finish is full with a refreshing minerality and pleasant oak undertones.
