December 2007

**92 | Ghost Block**      **\$55**      **2004 Oakville Napa Valley Estate Cabernet Sauvignon**      Produced by the Pelissa family, proprietors of Napa Wine Co. and grape growers in Napa Valley for three generations, Ghost Block is a selection from the company's 600 acres of vines, all of which are organically grown. This emphasizes freshness rather than hyperripeness, with cool scents of forest floor and wild-blueberry flavor. The greenness in the wine shows subtler with air as the satin texture develops. The tannins have a flinty edge and add to the quirky, complex personality of the wine. Cellar time should build on its distinctive character.
