

ELIZABETH ROSE

2021 CHARDONNAY NAPA VALLEY

VINEYARD NOTES

The Elizabeth Rose Chardonnay demonstrates the synergistic effects of blending fruit from two exceptional vineyards in Yountville to produce a distinctive wine. The Chardonnay in The Block House Vineyard is planted on a mixture of Cole Silt Loam and Yolo Loam soils. These vines were planted in 2010 as clone 96 Dijon grafted to 3309C rootstock. In 2015, a block of Chardonnay was planted in The MorgaenLee vineyard using the same material from Block House. The soil of MorgaenLee is characterized as Yolo Loam. Other than age, the primary difference between both vineyards is that they are planted at opposing row directions. Although both blocks are composed of the same planting material, there is a clear difference in the flavor profile expressed from both sites.

TASTING NOTES

This wine welcomes you with beautiful aromas of ripe yellow apple, yellow peach, cantaloupe, pineapple, Meyer lemon, and orange blossom. The peach, lemon, and cantaloupe continue on the palate with an undertone of vanilla complemented by a round, clean, crisp finish. A perfect chardonnay to sip during summer that is complex enough to pair with soft cheeses.

TECHNICAL NOTES

Winemaker: *Jeff Onysko*

Varietal Content: *100% Chardonnay*

Vineyard: *65% Block House, Yountville
35% MorgaenLee, Yountville*

Alcohol Content: *13%*
